Steve didn't talk to me about any site-specific questions. He did say he wanted to ask me an HPS question, and I told him he needed to talk with R9, probably starting with Lily.

Stuart,
Last week, Steve Castleman called Region 9 to raise concerns that the Navy had finalized the Parcel G Work Plan. Our site attorney had a quick phone call with him. EPA has only partially approved the Navy's Work Plan (see attached email).

I got a call today from Steve Castleman of Golden Gate School of Law. He is working on HPS, and mentioned Navy wanting to use RESRAD and called to ask some risk assessment policy questions.
